PARK FEATURES

EXECUTIVE SUMMARY

Tech Center Research Park is home to two Class A office buildings—700 and 800—ideally positioned in the heart of Newport News’ thriving Tech Center district. Located just one mile from I-64, the park offers three convenient access points via Jefferson Avenue & Tech Center Parkway, Oyster Point Road, and Canon Boulevard. Both buildings are adjacent to the Marketplace at Tech Center, providing tenants with walkable access to over 250,000 square feet of retail, dining, Onelife Fitness, and luxury living at Venture Apartments [iN] Tech Center.

A key feature of the park is its connectivity and walkability, highlighted by an 8-foot-wide multi-use pedestrian path and a 1.5 acre green space, known as the Drillfield. Tenants in both buildings benefit from a full suite of modern amenities including access to video conferencing and conference rooms, research-grade internet speeds, U.S. mail pickup, personal housekeeping services, and ongoing maintenance and after-hours support. The property also hosts regular networking events and is located within the Newport News Enterprise Zone, offering potential economic incentives.

With a generous 4/1,000 SF parking ratio, lobby and suite signage, and optional exterior signage available for full-floor users, 700 and 800 Tech Center Parkway present a compelling opportunity for businesses seeking a dynamic, well-connected, and amenity-rich office environment.
